This survey is designed to collect information about US school districts’ knowledge and attitudes toward school bus purchases. It will be used to better focus our work to help school districts, policy makers, utilities, and others in the school bus industry achieve their electrification goals.

It is funded by the World Resource Institute (WRI) Electric School Bus Initiative. If you or any of your family members are employees of the [World Resources Institute](#), or members of its [Board of Directors](#), please do not participate and click "no" below.

The survey should last approximately 10-12 minutes. Your answers will be confidential. Your data, including identifiable information, will be stored securely and accessed only by the research team.

If you have any questions or concerns about the survey, you can email the project lead at ESBinfo@wri.org. If you have any questions or concerns about your rights as a participant, you can contact the WRI Human Subjects Director at humansubjects@wri.org or (+1) 202-729-7699.

By submitting this survey, you consent to the terms and conditions, including the use of personal information by Bobit Business Media to serve products or services requested. Consent can be withdrawn at any time. Please see our [privacy policy](#) for more information on Bobit's data collection and use policies.
